

DIRECTIONS: Mix 1 scoop in 250 ml water, milk or any other liquid. Best time to use is after a workout. Use this product in conjunction with food as part of a healthy, balanced diet, not as a substitute for such.

100% Whey Protein Professional LS is an excellent quality whey protein blend with whey concentrate and whey isolate. LS is a lightly sweetened version with less intense flavoring. Dietary proteins are the source of nitrogen and indispensable amino acids, which the body requires for tissue growth and maintenance. Therefore 100% Whey Protein Professional LS contributes to the growth and maintenance of muscle mass, and also to the maintenance of normal bones*. Whey protein from milk is a so-called complete protein, because it provides the body with all the necessary types of amino acids, including the 9 amino acids the body cannot synthesize and must be supplied by the diet (i.e. Histidine, Isoleucine, Leucine, Lysine, Methionine, Phenylalanine, Threonine, Tryptophan, Valine).

100% Whey Protein Professional LS has more added components: an "Amino Acid Matrix" that provides popular extra amino acids, namely L-Leucine, L-Glutamine and Taurine. Also, the digestive enzyme blend of Papain and Bromelain is included in our formula!

Aspartame free formula!

*These statements have been scientifically proven and authorized by the European Food Safety Authority.

Caution: As with all exercise and nutritional programs, please consult your physician first. Keep out of the reach of children!

Allergen info: Made from milk. Manufactured in a facility that processes soy and egg proteins, and gluten, peanuts!

Store in a cool, dry place. Heat and sunlight may damage the bottle!

Best before end: see on packaging. **Batch number:** see on packaging.
