

Directions: Take 3x1 capsules per day.

Tea-X is a powerful, standardized green tea extract with minimum 50% polyphenol content including epigallocatechin gallate (EGCG), which is one of the most important polyphenols in tea. Tea-X increases energy expenditure (thermogenesis), burning preferentially fat. Green tea has not been associated with negative effects on the cardiovascular system (such as increased heart rate and blood pressure), or CNS side effects (such as overstimulation and irritability).

These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: as with all exercise and nutritional programs, please consult your physician first. Keep out of the reach of children.
