OTHER INGREDIENTS: Gelatin, glycerin, purified water, maltodextrin, dicalcium phosphate, l-carnitine fumarate, silicon dioxide, magnesium stearate, colorophyll, caramel color. This product contains fish. Made in a GMP facility that uses milk, soy, egg, peanuts.

DOSAGE: Use Animal Omega as you would your regular essential fatty acid (EFA) supplement. If this is your first time, take Animal Omega with a meal and you're good to go. Use a pack or two daily, as you need it.

PRODUCT NOTES: Animal Omega is a full spectrum EFA product uniquely formulated for the serious bodybuilder and enhanced with sesamin. Each pack contains a precise, pre-dosed ratio of n-3 and n-6 fatty acids (FAs) including:

- Alpha-Linolenic Acid (ALA): 450mg [n-3]
- Conjugated Linoleic Acid (CLA): 800mg [n-6]
- Docosahexaenoic Acid (DHA): 350mg [n-3]
- Gamma-Linolenic Acid (GLA): 300mg [n-6]
- Eicosapentaenoic Acid (EPA): 450mg [n-3]
- Linoleic Acid (LA): 850 [n-6]

FEEDBACK: Wanna hear what others have to say about Animal Omega?

"The first thing I noticed was that Animal Omega is a very comprehensive, all-in-one product. If I were to supplement with Animal Omega I would be getting all of the fatty acids that I got with my regimen plus more."

- Evan "Ox" Centopani, IFBB Pro

"After looking at the formula, Animal Omega looks like a superior and comprehensive blend of EFAs. I can't wait to add some serious EFA supplementation to my repertoire. As soon as it comes out, I'm gonna get my hands on it!"

- Jason B.

"In my constant pursuit of mass and strength, I take a lot of supplements. As such, general health support is a primary concern. Animal Omega is a complete and comprehensive EFA formula, something basic and foundational in the diet of a hard training athlete. It is a must for optimizing hormone production and improving cardiovascular health—two absolutely critical benefits of EFA supplementation."

- G Diesel
